

Training Programs/Curricula Approved for funding By Career Link

The attached list is subject to change and is constantly evaluated to add or delete training programs.

Funding for Certified Nursing Training (CNA) is available only if the CNA is a bridge to a higher level of nursing training.

Funding at the Bachelor's level is only provided for the final two years of the four-year degree.

Funding is available for individuals that meet the eligibility requirements of the Workforce Innovation and Opportunity Act and has been favorably assessed by a Career Link *Career Planner*.

Career Link will not pay out-of-district tuition. Limited exceptions apply.

Certain training programs/occupations that appear on the list may have limited enrollment due to current market conditions.

Interested individuals should discuss training options with a *Career Planner*.
